

ADVANTAGES

PATIENT SAFETY

It helps to prevent mistakes when there is control of the remedies. Select carts and equipment that are designed, so it's quick to find things without having to look in all the drawers. You get a full overview and can concentrate 100% on the patients.

CLEAN SURFACES

All carts from Standard Systemer have durable and hygiene-friendly surfaces that are easy to clean and disinfect.

EASY WITH US

Many have their own unique needs. Therefore, we advise on individual solutions. We can build a prototype so you can test that it works in practice before we build the finished cart.

FAST DELIVERY

We are quick with advice, drawings, quotes and prototypes. We produce the carts in Denmark and typically deliver 3-4 weeks after you place your order.

Call **+45 38 26 49 00** or e-mail **info@standardsystem.dk**, and we will assist you from idea to the final solution.

GOODBYE TO UNTIDY DRAWERS

Small or big things in the drawer? We listen to your ideas and wishes and build the cart with drawers that are made to measure. The drawers are divided, so the contents fit each drawer, and all the contents has its own space, which creates an overview and ensures uniform working and refilling routines.

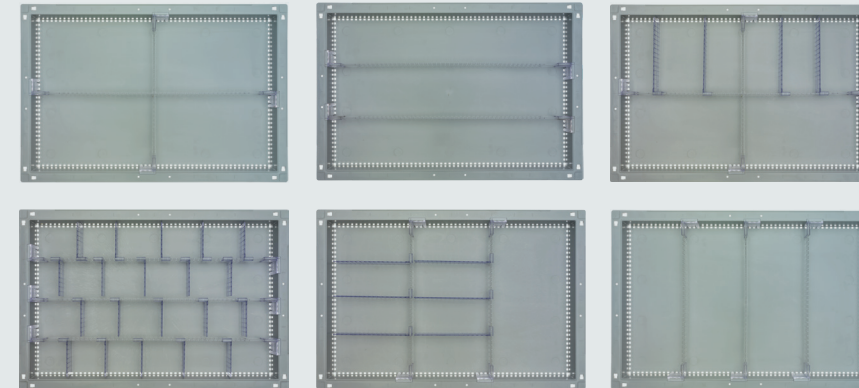

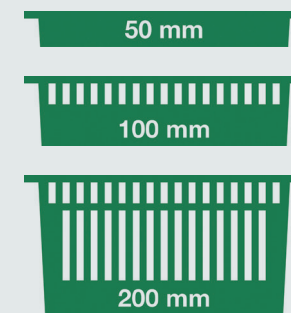

ISO TRAYS

The trays have a fixed bottom and are available in grey or transparent.

2 widths

3 heights

ISO trays can be divided in countless ways, here are six examples for inspiration

REPLACE USED TRAYS WITH NEW
Then the cart is always ready for use

Space-saving and efficient carts

DESIGNED PRECISELY TO YOUR NEEDS

With the right design you can store plenty of equipment in confined spaces while having a complete overview.

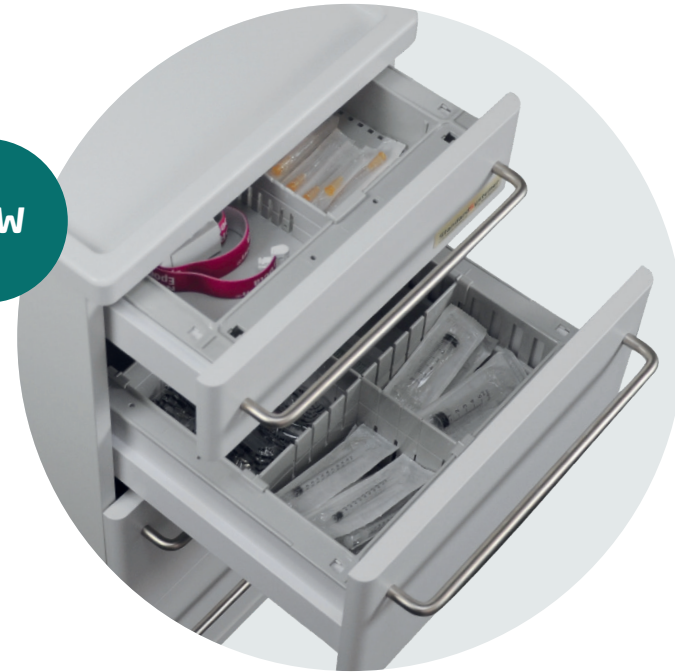

ISOVAN 30 x 40

NEW: Is space a challenge? Then we have a new solution: ISOVAN 30x40, which is available with an opening either on the wide or the narrow side.

Height: **up to 104 cm**
Width: **35 cm**
Depth: **45 cm**

NEW

Many colour options for handles and drawers

ISOVAN 60 x 40

FREEDOM OF CHOICE:
What best suits your routines? Deep/low trays and drawers. Should the drawer/tray be pulled out by the wide or the narrow end?

Height: **96 cm**
Width: **65 cm**
Depth: **45 cm**

- Hygienic surfaces
- Ergonomic working postures
- All carts can be fitted with drawers or doors

A safe and hygienic alternative to open carts

Height: **144 cm**
Width: **45 cm**
Depth: **65 cm**

REFILLING CART

The cart is 144 cm high, so you have full visibility when pushing the cart. The top plate edge fits the ISO trays, so the tray is stable.

There is the option of sealing trays

ACCESSORIES

The carts can be fitted with a wide range of accessories that ensure functional and efficient workflows.

The superstructure with practical tilting boxes means the equipment is visible and easy to get hold of

Foldable extension leaf
